Closing/Opening:

The Procuring Entity advertised Tender No. NA/018/2011-2012 for the proposed multi-storey block for the Parliamentary Service Commission W.P. Item No. D29 NB/NB 901-job No. 7753C in the Standard and Daily Nation Newspapers of 15th June, 2012.

BACKGROUND

Upon hearing the representations of the parties and interested candidates and upon considering the information in all documents before it, the Board decides as follows: -

BOARD'S DECISION

Mr.Zhang Jee -
 Assistant A. O, China Wu yi

Mr.Chen Degan -
 Engineer, China Overseas Engineering

included the following:

The bids were evaluated based on whether they had met the mandatory criteria to qualify for detailed evaluation as set out in the advertisement and bid documents. Any bidder not meeting the mandatory criteria would not proceed for detailed technical evaluation. The mandatory criteria

- b) Bid (03) - M/s Parbat Siyani Construction Ltd.
The bidder provided a copy of Tax Compliance Certificate that had expired on 16th June, 2012 thus invalid at close of the first initial Tender opening date of 9th July, 2012.
- c) Bid (04) - M/s China National Aero-Technology International Engineering.
i) The bidder provided a copy of Tax Compliance Certificate that had expired on 24th May, 2012 thus invalid at close of the first initial Tender opening date of 9th July, 2012.
ii) The bidder did not provide a copy of current registration certificate from the Ministry of Public Works.
- d) Bid (06) - Ghuangxi Hydroelectric Construction Bureau.
The bidder did not provide a copy of Audited Financial results for 2011 and therefore did not qualify for further evaluation.
- e) Bid (09) - M/s China Overseas Engineering Group Ltd.
i) The bidder did not state whether they have any litigation history.
ii) The bidder did provide proof of completion of any high rise building of at least 10 floors.
iii) The bidder did not provide proof of completion of works of similar complexity and nature in the last 5 years.

From the above observations and analysis the following seven (7 No.) bids met all the mandatory requirements for the tender and therefore qualified for further evaluation.

Detailed Technical Evaluation.

The seven bids that qualified for detailed evaluation were evaluated based on the following evaluation criteria:-

- (A) Staff Qualifications:
- Adequacy of staff in accordance with minimum requirements.
 - Qualification of Directors (1 no Director or partner).
 - Experience of Directors (1 no Director or Partner).

(B) Plant and Equipment:

- Equipment owned by the firm
 - Proof of ownership of at least four of the listed equipment.
 - Adequacy of the equipment
 - Age and condition of the equipment
- (C) Office and service facilities of the firm:
- Own premises

Observation.

M/s Epco builders Co Ltd. and M/s N.K. Brothers Ltd. gave their tender validity for 60 days ending on 23rd September, 2012 contrary to the 120 days stipulated in the Appendix to conditions of contract.

The bids are fairly competitive as observed from the tenders submitted and outlined in Table 5 above. However M/s Seyani Brothers & Co Ltd and M/s China Railway No 5 engineering group have a variance of above 10% to the official estimates.

Due diligence.

The tender evaluation committee also set-out to carry due diligence on the firms that had been responsive to the technical criteria as set out in the technical bid.

(a) Arithmetic Errors

The responsive bids were subjected to arithmetic check in accordance with Clause 5.7 (d, e & f) of the "Instructions To Bidders" in order to establish the error adjustment factor. Error adjustment factor is the factor by which the tender rates would be adjusted if the respective tender is successful. Tender No.2 and No. 3 had no errors whereas bidder number 01 had a negligible error.

From Table 7 above, the tender bids offered by the responsive tenderers range from (-) 0.9% above estimate to 31.11% below the estimate.

From Table 8 above, the tender rates for M/s China Jiangxi Co. Ltd & M/s Millicons Ltd. / SVFC JV Ltd are very competitive and compare well with the estimate. The rates in the bids by M/s China Railway No. 5 Eng. Co. Ltd are very high as compared to the estimate are considered non-competitive.

Conclusion

The above overview is also borne out of the overall tender sum. This can be observed from their tabulated variances with the estimate as outlined previously in Table 5 where the bidders have a variance from 0.9% below the estimate to 31.11% above respectively.

China Jiangxi International (K) Ltd

- M/s China Jiangxi Int. Co. (K) Ltd have submitted the lowest responsive financial bid of *Kshs. 5,893,646,849.67 (Five billion, Eight hundred & Ninety Three million, Six hundred Forty Six thousands, Eight hundred & Forty Nine Kenya Shillings & Sixty Seven Cents).*
- The bid is 0.9% below the estimate.
- Their arithmetic error is negligible and their rates compare well with the estimate.

Millicons Ltd/SVEC Co. JV Ltd

- M/s Millicons Ltd/SVEC Co. JV Ltd have submitted the second lowest financial bid of *Kshs. 6,077,088,099.00 (Six billion, Seventy Seven million, Eighty Eight thousands & Ninety Nine Only),*
- The bid is 2.19% above the estimate.
- They have no arithmetic error and their rates compare well with the estimate.

The National Assembly Tender Committee at its 19th 2012-2013 meeting held on 13th December, 2012 discussed the report presented before it by Mr. Njoroge and by consensus resolved that the works be re-tendered as none of the bidders met all the mandatory requirements as indicated in the Tender documents.

TENDER COMMITTEE DECISION

From the above analysis the lowest responsive bid submitted by M/s. China Jiangxi International (K) Ltd with a tender amount of Kshs. 5,893,646,849.67 (Five billion, Eight hundred & Ninety Three million, Six hundred Forty Six thousands, Eight hundred & Forty Nine Kenya Shillings & Sixty Seven Cents) was recommended for award of this tender.

RECOMMENDATION

- non-competitive.
- bids submitted by the two lowest responsive tenderers and therefore

THE REVIEW

The Request for Review was lodged by China Jiangxi International Kenya Limited on 18th December, 2012 in the matter of Tender No: NA/018/2011-2012 for Proposed Multi-Storey Office Block for Kenya National Assembly, Nairobi Item No. D29 NB 901 Job No. 7753C.

The Applicant was represented by Mr. Muthomi Thionkaku, Advocate,

While the Procuring Entity was represented by Mr. Antony Njoroge, Legal

counsel. Mr. Austine Ondoyo, Advocate representing Millicons Ltd,

Mr. Liging representing GXPCHOI, Mr. Allan Ongwen representing

The Applicant requested the Board for the following orders:

1. The Respondent be directed to evaluate and/or report to the Board on the evaluation of the tenders in Tender No. NA/018/2011-2012 for Proposed Multi-Storey Office Block for Kenya National Assembly, Nairobi WP Item No. D29 NB 901 Job No. 7753C

2. Any other remedy that the Board may deem fit to give under section 98 of the Act including but not limited to awarding the tender to the Applicant.

3. Costs be provided for.

At the commencement of the hearing of the instant matter the Procuring Entity sought leave to argue its Preliminary Objection which it had filed on

Finally, it argued that the Preliminary Objection was incompetent as it had not been filed within five (5) days of service of the Application as per Regulation 77. It urged the Board to overrule the Preliminary Objection to pave way for the hearing of the Request for Review on merit. One of the interested parties namely M/s Millicons Ltd /SVEC JV LTD.. Associated itself with the submissions of the Applicant and also urged the Board to overrule the Preliminary Objection as raised by the Procuring Entity.

It referred the board to its finding in Application No. 21 of 2009; *Tudor Services Ltd vs. National Oil Corporation* in which it nullified the termination of a tender by the Procuring Entity when the same did not meet the requirements of Section 36 of the Act.

The Applicant added that the Procuring Entity could only raise the Preliminary Objection if it had complied with the requirements of Section 36 of the Act. It argued that Section 36 of the Act required a Procuring Entity to give prompt notification of a termination of a tender to the bidders as well as file a written report of the same with the Director General of the Public Procurement Oversight Authority which requirements had not been met by the Procuring Entity.

Evaluation Committee was placed before the Tendering Committee on 13th Committee for further deliberations. The recommendation of the Evaluation Committee's recommendation was placed before the Tender required by the Act. The Board further notes that on the 22.11.2012, the bids were subjected to preliminary, technical and financial evaluation as June 2012 and closed/opened the bids on 23rd July 2012. Thereafter, the

The Board is also alive to the fact that the Form 5 that the Procuring Entity completed and returned to the Board with the Response to the Instant Request for Review indicated that the tender process was NOT terminated. This form was filed at the Board on 24th December 2012, five (5) days after the purported notification to the bidders of the termination and 11 days after the purported decision was made by the Tender Committee. During the hearing, the Procuring Entity informed the Board that the said Form 5 was erroneously filled

From the foregoing, it is clear to the Board that the purported termination of the tender process by the Procuring Entity was not done in accordance with the requirements of Section 36 of the Act for the following reasons:-

1. The purported notification to the bidders issued on 19th December 2012 was not a prompt notification as envisaged by Section 36(e) of the Act.
2. The purported termination notice should not have been issued on 19th December 2012 when the instant proceedings were already filed before this Board and the Procuring Entity had been notified not to take any further action on the tender process. Consequently, a termination notice issued to bidders when proceedings had been commenced in this Board is of no consequence, and therefore null and void.
3. The Procuring Entity did not file with the Director General of PPOA a written report in terms of Section 36(7) of the Act and fails fact was admitted by the Procuring Entity.

The financial evaluation ought to have commenced 5 days after the 23rd day of August 2012 and completed on 28th August 2012.

period of 30 days.

The Applicant stated that the Procuring Entity had failed to evaluate the subject tenders within 30 days as provided by Section 66(6) of the Act. It argued that the Subject tender was scheduled to be closed/opened on the 9th day of July 2012 but the date was pushed to the 23rd July 2012. It stated that under Regulation 46, the evaluation of the bids started to run on the 23rd of July 2012 and the 30 days lapsed on the 23rd of August 2012, after a

on merit.

Taking into consideration the above matters, the Board holds that the purported termination of the tender by the Procuring Entity is a nullity and the Board has jurisdiction to hear and determine this Request for Review

The Applicant further argued that the Procuring Entity breached Section 66 read together with Section 2 of the Act which deals with the objectives and spirit of the law of procurement.

It maintained that it submitted a responsive bid in every respect contrary to the allegations of the Procuring Entity to the effect that all the bids were non-responsive. It stated that its bid conformed to all the mandatory requirements of the tender including provision of an accurate litigation history as was required by the Procuring Entity. It placed before the Board two distinct definitions of the term "Litigation" as set out in the Black Law dictionary as well as the Oxford Advanced Learners Dictionary.

It further referred the Board to the provisions of Article 159 of the Kenya Constitution which deals with the exercise of Judicial powers by Courts and Tribunals thereby distinguishing the power of the Courts with regard to litigation vis a vis the powers of a Board or Tribunal.

It argued that in its opinion the requirement of the litigation history as required by the Procuring Entity was with regard to cases or suits that had been filed in a conventional Court and not the Board or Tribunal. It further argued that the Applicant was not a party to any pending or finalized suit in any court of law, and as such, it had given an accurate litigation history to the Procuring Entity thereby making its bid the most responsive bid for the award of tender.

It maintained that the subject tender was valid for a period of 120 days commencing the 3rd day of July 2012 and lapsing on the 23rd day of

issued.

Finally it argued that the Application as filed was already overtaken by events as the subject tender was evaluated and subsequently terminated on the 13th December 2012. It stated that the Tender Committee having completed its work, the prayers being sought by the Applicant could not be

adhered to.

It argued that it reserved the right to reject any or all the tenders before signing a contract which decision was not amenable to review under Section 93 (2)(b) of the Act. It further argued that the subject tender was a very complex project of huge economic and engineering proportions and hence the long time it took to evaluate the bids. It added that it endeavored to ensure that the purpose of Section 2 of the Act was strictly

In response the Procuring Entity stated that its Tender Committee met on the 13th of December 2012 and resolved to terminate the tender under the provisions of Section 36 of the Act. It argued that the termination was premised on the basis that none of the bidders had met the mandatory requirements set out in the tender documents. It stated that the Applicant filed the instant Application on the 18th of December 2012 before the notice of termination could be communicated to the bidders.

1. The Procuring Entity advertised Tender No. NA/018/2011-2012 for following:-

2. The tender closed/opened on 23rd July 2012 at 11.00 a.m. and attracted 12 bidders.

3. The evaluation of the bids was carried out in three stages namely the Preliminary Technical and Financial evaluation stages.

4. At the close of the preliminary stage, 5 bidders were disqualified as being non responsive leaving 7 bidders to proceed to the technical evaluation stage.

5. The Seven bids that had qualified for the detailed technical evaluation were evaluated based on the criteria set out in the bid documents at Clause 1.5 of the Instruction To Tenderers

6. That all the seven (7) bidders scored above the 65% pass mark and qualified for the financial evaluation.

7. Further the Seven (7) bids were evaluated on the following criteria:-
a. Due diligence
b. Company registration
c. Experience in works of a similar nature and complexity
d. Litigation history

8. The Applicant and two other bidders M/s Millicons Ltd / SVFC Co. Jv. and M/s China Railway No. 5 Eng. Co. Ltd. were qualified for further evaluation after the foregoing analysis.

9. The three (3) bidder's price proposals were subjected to arithmetic check and analysis of the pricing.

12. The Procuring Entity Evaluation Committee recommended the Applicant to the Tender Committee for the award of the tender.
13. That when the evaluation report recommending the Applicant was placed before the Tender Committee on the 13th December 2012 the said Committee recommended the re-rendering of the works on the basis that none of the bidders met all the mandatory requirements as set out in the tender documents.

10. At the conclusion of the financial evaluation the Applicant's bid of Kshs. 5,893,646,849.67 was found to be the lowest responsive financial bid, while the other 2 bidders namely M/S Millicons Hill SVEC-Co. Jv ltd and M/S China Railway No. 5 Eng. Co. Ltd were declared the second and third lowest responsive bidders respectively.

- the instant Request for Review which directed it in part as being served with the Board's letter of notification of the filing of termination of the tenders on 19th day of December 2012 after the Procuring Entity then decided to issue the notification of the Entity the same day namely 18th December, 2012.
18. The Procuring Entity lodged this Request for Review on the 18th day of December 2012. This application was served on the Procuring Entity the Applicant having received no communication from the Procuring Entity on the 18th day of December 2012. That the Applicant having received no communication from the Procuring Entity on the 18th day of December 2012. This application was served on the Procuring Entity the same day namely 18th December, 2012.
17. That as at the 13th day of December 2012 when the Tender Committee was discussing the evaluation report, it had already received another report from a 3 member committee whom it had directed to re-evaluate the tenders on the criteria of litigation history.
16. That as at the 13th day of December 2012 when the Tender Committee was discussing the evaluation report, it had already received another report from a 3 member committee whom it had directed to re-evaluate the tenders on the criteria of litigation history.
15. That the evaluation of the tender was conducted from 24th July, 2012 to 29th August, 2012 and as at the 13th day of December 2012 when a decision to retender was made the tender validity period had lapsed, save that the bidders bid bonds for all the bidders were still valid.
14. That at that point in time the subject tender was neither terminated nor awarded by the Tender Committee which instead ordered for a retender.

19. On the 24th of December 2012 the Procuring Entity filed its Response to the Request for Review at the Board together with Form 5 in the 1st Schedule which sets out documents and the information required to be submitted by a Procuring Entity to the Board. Upon filing of a Request for Review, the Board notes that part (a) of the declaration form states that:-
- Part A-Mandatory declarations (all cases)
- "All the tenders which are subject matter of the Appeal have been rejected pursuant to Section 36 of the Act"*
20. In response to the declaration under form 5 parts A (a) the Procuring Entity indicated that no tenders had been rejected pursuant to Section 36 of the Act. It also indicated that there were no documents to be submitted in respect of Section 36 as there was no termination.
21. It is further noted that the Form 5 aforesaid has a declaration part to be signed by the Authorized officer of the Procuring Entity stating that the declarations in Part A are true to the best of his knowledge. This part is signed by Mr. Keith Musyoki Kisinguh, Procurement Officer of the Procuring Entity.
- the Procuring Entity and the successful tenderer until the appeal has been finalized."*

From the foregoing it is clear that the Procuring Entity purported

notification of the termination of the tender on the 19th day of December

2012 was done in order to defeat the request for review that had been filed

on the 18th day of December 2012. We have come to this conclusion

because of the reasons set out in the ruling on the Preliminary Objection in

the early part of this award.

Further, the Board finds the purported re-evaluation of the tenders on the criterion of litigation history by the 3 member team appointed by the Tender Committee was clearly done in error as the said team did not have any mandate to re-evaluate the tenders which is the preserve of the evaluation committee and was therefore in breach of Regulation 10 and 11 which provide as follows:

Regulation 10. (1):-

A Procuring Entity shall establish a tender committee in
The manner set out in the Second Schedule.

(2) The functions of the tender committee shall be to-

(a) Review, verify and ascertain that all procurement and
disposal has been undertaken in accordance with the Act,
these Regulations and the terms set out in the tender
documents;

(b) Approve the selection of the successful tender or

proposal

(c) Award procurement contracts in accordance with

thresholds prescribed in First Schedule;

- (d) Ensure that funds are available for the procurement under consideration;
- (e) Ensure that the Procuring Entity does not pay in excess of prevailing market prices;
- (f) Review and approve aggregation of procurements where proposed;
- (g) Review and approve the use of lots where packaging into lots has been proposed;
- (h) review the selection of procurement method and where a procurement method, other than open tender, has been proposed, to ensure that the adoption of the other procurement method is in accordance with the Act, these Regulations and any guidelines stipulated by the Authority;
- (i) approve the list of tenderers in cases of restricted tendering pursuant to regulation 54(3);
- (j) Approve the list of persons qualified to submit proposals pursuant to section 80 of the Act;
- (k) Approve the list of persons to be given requests for quotations pursuant to regulation 59(2);
- (l) Approve negotiations under the Act, these Regulations and as may be stipulated by the Authority;
- (m) Approve the amendment of contracts previously awarded by the tender committee, in accordance with the Act and these Regulations;

- (n) Review the quarterly reports on quotations that have been awarded by the procurement committee.
- (o) Undertake any other functions and duties as are provided Under the Act, these Regulations or as may be stipulated by the Authority.
- r11. (1) in considering submissions made by the procurement unit or evaluation committees, the tender committee may-
- (a) Approve a submission; or
- (b) Reject a submission with reasons; or approve a submission, subject to minor clarifications by the procurement unit or evaluation committee.
- (2) The tender committee shall not-
- (a) Modify any submission with respect to the Recommendations for a contract award or in any other respect;
- (b) Reject any submission without justifiable and objective reasons;
- (c) Where the tender committee rejects the recommendation of the evaluation committee, the decision shall be reported to the head of the Procuring Entity or to the accounting officer
- (3) Any submission rejected by the tender committee may be resubmitted and the tender committee shall provide an explanation and a justification for its decision thereof.

(a) Justice shall be done to all, irrespective of status;

The Board notes that Article 159(2) of the Constitution imposes on Courts and Tribunals a duty to dispense substantial justice without regard to undue technicalities. The Procuring Entity cannot hold.

2012. Consequently the Board finds that the purported effluxion of time by time when all Bidders Bid bonds were still valid up to and including the time the Application for review was filed on the 18th December, lapsed. In this case whereas the tender validity period lapsed during the lapsed before the award of tender but before the bidders bid bonds had time, the Board therefore holds that the tender validity period in this case On the issue of whether or not the subject tender lapsed by effluxion of

i. Having found that as at the time the Application was filed before the Board all the bid bonds were still valid. In the circumstance the Board orders that the Procuring Entity should proceed to award the tender to the bidder whose bid was declared to be the lowest evaluated in accordance with the recommendation of the Evaluation Committee and the Provisions of the Act.

In view of the foregoing the Board holds that the Procuring Entity and specifically the Tender Committee has failed to observe the provisions of the Act and Regulations, thereby leading to a flawed procurement process.
