

FOREWORD

This Public Procurement and Disposal Act, 2005 established the Public Procurement Oversight Authority (PPOA), with a general mandate to oversee the public procurement process in Kenya. In the said Act, PPOA is also vested with a specific mandate to implement and operationalise the public procurement system by providing advice and assistance to procuring entities.

We note that Section 30(4) of the Public Procurement and Disposal Act, 2005, outlaws all transactions by public officials in which standard goods, works and services are procured at unreasonably inflated prices. It is envisaged that this Average Price List would assist all Heads of Procuring Entities, Accounting Officers and all public officials involved in the procurement function with the necessary information to comply with the aforesaid legal requirement and in turn deliver value for money in the public system.

In a bid to achieve this, the Public Procurement Oversight Authority has developed this Average Price List of Common User Items for Goods, Works and Services mostly procured by public entities. The basket of the enlisted of common user items was compiled in consultation with the Supplies Branch together with a spectrum of public procuring entities.

The ensuing market survey process of the basket of common user items was managed by the Kenya National Bureau of Statistics. Data was collected in the month of April, 2008 from Kenya's major three urban centres namely, Nairobi, Mombasa and Kisumu.

Procuring Entities are encouraged to make reference to this list when preparing procurement plans, evaluating bids, awarding of tenders and shopping for low value procurements. Any deviation from the reference prices should be based on the prevailing Consumer Price Index obtained from Kenya National Bureau of Statistics or the monthly inflation rate issued by the Central Bank of Kenya. PPOA will update this list of average prices annually to accommodate price fluctuations.

ROBERT R. HUNJA
INTERIM DIRECTOR-GENERAL

ACKNOWLEDGEMENT

The Interim Director-General of the Public Procurement Oversight Authority would like to acknowledge various stakeholders for their valuable contribution to the consultations and research work towards the production of this publication.

These include:-

1. Public Sector Reforms & Development Secretariat
2. Kenya National Bureau of Statistics
3. Strathmore University
4. The Supplies Branch
5. Kenya Medical Supplies Agency (KEMSA)
6. Government Information Technology Services (GITS)
7. Various Supermarkets, Suppliers in the pharmaceutical and non-pharmaceutical industry, construction industry, furniture, IT, stationery and office equipment, etc

PPOA will continue with its consultations and research work, encompassing more stakeholders, hence requesting for more support. This is the only way to ensure that relevant is generated to guarantee acceptable average price list publications.
